## TEAM PLATFORM

Train • Educate • And • Manage

Brit is a market-leading global specialty insurer and reinsurer, focused on underwriting complex risks. With a major presence in Lloyd's of London, the world's specialist insurance market provider, we also have significant US and international reach. We believe that the uncertainty of the future should never stand in the way of progress. That's why we exist: to help people and businesses face the future and thrive.

Brit Global Specialty USA (BGSU) underwrites on behalf of Brit Syndicates 2987 and 2988, providing retail, wholesale and reinsurance brokers with Lloyd's financial strength and capabilities. BGSU offers a range of E&S, admitted and reinsurance products with a focus on Specialty Package, Property, General Liability, Excess Casualty, Professional Lines, Commercial Marine, Cyber, Programs, and Property & Casualty Reinsurance. Headquartered in Chicago, we have underwriting presence in Atlanta, Hartford, Houston, Los Angeles Metro Area, Miami, New York, Philadelphia, Richmond and San Francisco Bay Area.

# TEAM PLATFORM

Train • Educate • And • Manage

Train, educate and manage (team) employees across your organization regardless of their location utilizing our highly customized risk management learning management system (lms). Our team platform provides unlimited access to your agency's individualized collected training data in a user-friendly format. Specifically designed to manage multiple locations, communicate a clear and consistent message and assist in training cost containment, our team platform will enhance your current risk management/loss control program.

## Customized to Fit Our Clients Needs by Providing:

- 24/7 access to your training records and resources
- Unique username a password for log-in security
- Entity-specific logo, policy, procedure and form upload tool
- 24-hour network support
- Bank level TLS1-Transport Layer Security
- Direct connect to the internet backbone, meaning no ISP involvement

## Save Time, Budget and Resources:

No matter how you spin it, distance learning will –

- Add convenience to your training programs
- Reduce your overall cost of training
- Provide a clear and concise message
- Offer flexible training programs, times and locations
- Guarantee consistent content and a reliable method of teaching

## Unlimited Access to Training:

We believe that a risk management program is only as good as its training and follow-up. Thus, we provide unlimited access and use of our suite of training modules to support that belief. Modules are developed by recognized safety and risk management professionals as well as nationally recognized subject matter experts bringing a quality educational environment on today's critical topics.

Many of the modules are available in English and Spanish with additional topics being added frequently. The following is a brief listing of what our clients have to choose from:

- Preventing Child Sexual Abuse including Mandated Reporter
- Determining the Root Cause of Accidents
- Electrical Safety
- Fire Prevention Practices
- School Bullying
- Violence Against Women Act (VAWA)
- Playground Safety Inspections
- School Bus Driver Safety - 3 Part Series
- Preventing Child Sexual Abuse in Camps
- Globally Harmonized System (GHS)
- Employee and Family Disaster Preparedness

Each of the above modules is maintained in our proprietary Learning Management System (LMS) which allows the administrator and designated groups to track completion and testing competency for each individual.

## Management Tools at Your Fingertips:

The "Management" aspect of TEAM is arguably the most powerful tool for a risk manager, human resources director or training coordinator using TEAM. Our RMS (Report Management System) allows our users to independently upload scanned, PDF, Work, html or original documents into the system creating a histogram of risk control services, building maintenance or off site training records. Imagine having all of these records in one centrally located web based system.

## Niche-Specific Content:

Customized modules, articles and featured subject matter content will be tailored to the niche of business you operate in. To provide this, we have again connected with recognized industry experts in police liability, background checks, emergency preparedness, cyber risk, crisis management, jail and detention center operations, school risk management, college and university risk management, general safety and EPLI. On a monthly basis we distribute our TEAM Tips newsletter to all administrators to highlight newly released and upcoming content within TEAM. The TEAM Tips bulletin is designed to take the guess work out of the resources available to your organization. Above all, any and all of the featured content can be printed, copied and distributed throughout your organization.

## Highly Specialized Modules:

Given the breath of our portfolio it was vital to offer the highest caliber content, in one place, specific to our higher risk classifications. As such please find a sample, not all inclusive, list of what we offer in these high risk areas:
